

Good afternoon,

The Political Advocacy Committee (PAC) of the Jamaican Canadian Association invites you to attend "CONNECT: An Evening Dedicated to Political Mobilization" on March 12th at 6pm at the JCA.

In 2014 alone, over 40 candidates ran in the provincial and municipal elections. Despite this large number, only a handful of candidates were successful in their bids. The purpose of this event is to connect those candidates who ran, those who are contemplating running in this year's federal elections, and those who are politically minded. Voter apathy is at an all time high nationwide, and can also be seen within the Black community.

Please join us to hear from those who have mounted winning campaigns, as well as to strategize around how to engage our community into the political process which includes everything from running in an election, to joining a riding association, to volunteering with your local politicians.

To register your attendance, please CLICK HERE<<https://www.eventbrite.com/e/connect-an-evening-dedicated-to-political-mobilization-tickets-15815381231>>. For more information, please see the attached flyer.

Please feel free to email, should you have any questions.

Thank you,  
Danielle Dowdy
